Kanpur Nagar, Uttar Pradesh - 208001, INDIA

OBJECTIVE

Seeking a challenging opportunity in Computer Science and Engineering where I can utilize my skills in programming languages like C, C++, and Python. I aim to contribute to innovative projects combining Artificial Intelligence with real-world problem-solving in software development, data analysis, and machine learning.

EDUCATION

· Pranveer Singh Institute Of Technology   *Aug 2023 - Aug 2027*
B.Tech in Computer Science (Artificial Intelligence)   Kanpur, India
  ◦ Current Student

· GNK Inter College   *April 2022*
Intermediate   Kanpur, India

· GNK Inter College   *April 2020*
High School   Kanpur, India

PROJECTS

· AI-Powered Resume Builder Web App   *2025*
Tools: React, Vite, Tailwind CSS, JavaScript, Supabase, OpenAI API
  ◦ Built a full-stack resume builder that generates professional resumes from user prompts using AI.
  ◦ Implemented Supabase for authentication and database storage of user profiles and generated resumes.
  ◦ Designed a responsive and clean UI using Vite + React + Tailwind.
  ◦ Integrated OpenAI API to generate structured, error-free resume content in seconds.

· Face Detection Attendance System   *Dec 2024*
Tools: Computer Vision, Database Management, Cloud-based Technology
  ◦ Developed an automated attendance tracking system using facial recognition to replace manual check-in processes, reducing errors and enhancing efficiency.
  ◦ Implemented facial recognition algorithms for secure and accurate employee identification, achieving real-time attendance.
  ◦ Created a cloud-based employee database for secure storage and easy access to profiles and records.

SKILLS

· Programming Languages: C, C++
· Web Technologies: React, Vite, Tailwind CSS, HTML5, CSS3
· Tools & Databases: Supabase, OpenAI API, Git

CERTIFICATIONS

· Infosys Springboard Programming Fundamentals using Python - Part 1   *Oct 2024*
· Infosys Springboard HTML5 - The Language   *Sept 2024*

ADDITIONAL INFORMATION

Languages: English, Hindi
